This is in response to the "Petition Under 37 CFR 1.47(b)," filed March 1, 2004, regarding inventor **Chunta Chen**.

The petition is granted.

Petitioner has shown that the non-signing inventor, **Chunta Chen**, has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the declaration of Ming-Tao Yang and Sang Hui Michael Kim establishes that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the declaration. In addition, petitioner has shown that Real Communications, Inc. has a proprietary interest in the above-identified application with the copies of the assignment documents submitted with the instant petition. The petition fee has been paid. Lastly, petitioner has submitted a declaration in compliance with 37 CFR 1.63 and 1.64 and demonstrated that petitioner has shown that such action is necessary to prevent irreparable damage.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(b), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the Declaration. Notice of the filing of this application will also be published in the Official Gazette.

Telephone inquiries regarding this communication should be directed to the undersigned at (703)306-9200
